Legal Researcher • Volunteered as a researcher, where in a team of fellow students we researched on service export promotion, and particularly regarding software export in fintech and telecommunication services. the research also addressed the service export promotion in Israel and India; and the incentives for service exports in the East African market. The end result was a memorandum we submitted to the Western Cape Tourism, Trade and investment promotion agency (WESGRO).  • Together with other students, we also did desktop in field research on a dispute between the Kerio Valley Community Organization(KVCO) and two oil companies (Delonex Energy and Tullow Oil -funded by the International Financial Cooperation IFC). We thereafter submitted a non-partisan, confidential memorandum to IFC's Compliance Advisor Ombudsman (CAO)	

## PROJECTS

## 📌 **Gogo and Sosiani Small Hydro Power Plants Power Purchase Agreements(PPAs) Review.**

Served as an Interim Secretary and Lead Legal Researcher of the Gogo and Sosiani Small Hydro Power Plants PPAs(Power Purchase Agreements) committee. The committee was charged with reviewing, negotiating and drafting new Power Purchase Agreements for the planned revamping of the Gogo and Sosiani Hydro Power Plants. I was tasked with researching on and making presentations on possible legal bottlenecks and opportunities that could impede or otherwise be used to negotiate better contractual terms for the company.
